

BOSCH

Invented for life

Student Programs @ Bosch

Do you want to start something remarkable?

At Bosch, you will enjoy many benefits from our internship or working student programs, having the opportunity to successfully join the Bosch team at the end of your stage. Our internship programs offer you a first-hand experience in your related field of study, while giving you the chance to assist and participate in different aspects of business or manufacturing process.

On top of that, all doors are open for promotion.

Make your mark. Shape tomorrow's world. Find your place. Balance your life.

Walk the talk.

Discover new directions.

Be yourself.

Pay it forward.

What's in it for you?

- ▶ Work side-by-side with specialists
- ▶ Your own area of responsibility within the scope of projects or in day-to-day business
- ▶ Experience being part of a global team; at Bosch, you won't just work with people in the same location, but also with international colleagues via virtual networks
- ▶ Fair compensation
- ▶ Network with experts and other interns

What you have to offer?

- ▶ Knowledge of your chosen field
- ▶ Excellent academic results
- ▶ Dedication and flexibility
- ▶ Team spirit and well-developed social skills
- ▶ Global mindset

Make it happen. Apply now.
